

NON-STANDARD ANALYSIS

NON-STANDARD ANALYSIS

SYMPOSIUM on

NON-STANDARD ANALYSIS

UNIVERSITY OF VICTORIA

MAY 8-11, 1972

The symposium will be devoted to applications of non-standard analysis to problems in measure theory, linear topological vector spaces, dynamical systems, complex function theory, economics, quantum physics, and other areas.

Participants will include:

A. ROBINSON (Yale University)

W. A. J. LUXEMBURG (California Institute of Technology)

J. KEISLER (University of Wisconsin)

E. ZAKON (University of Windsor)

For further information or arrangements for accommodation write to:

A. E. HURD, DEPARTMENT OF MATHEMATICS, UNIVERSITY OF VICTORIA, VICTORIA, B.C., CANADA
