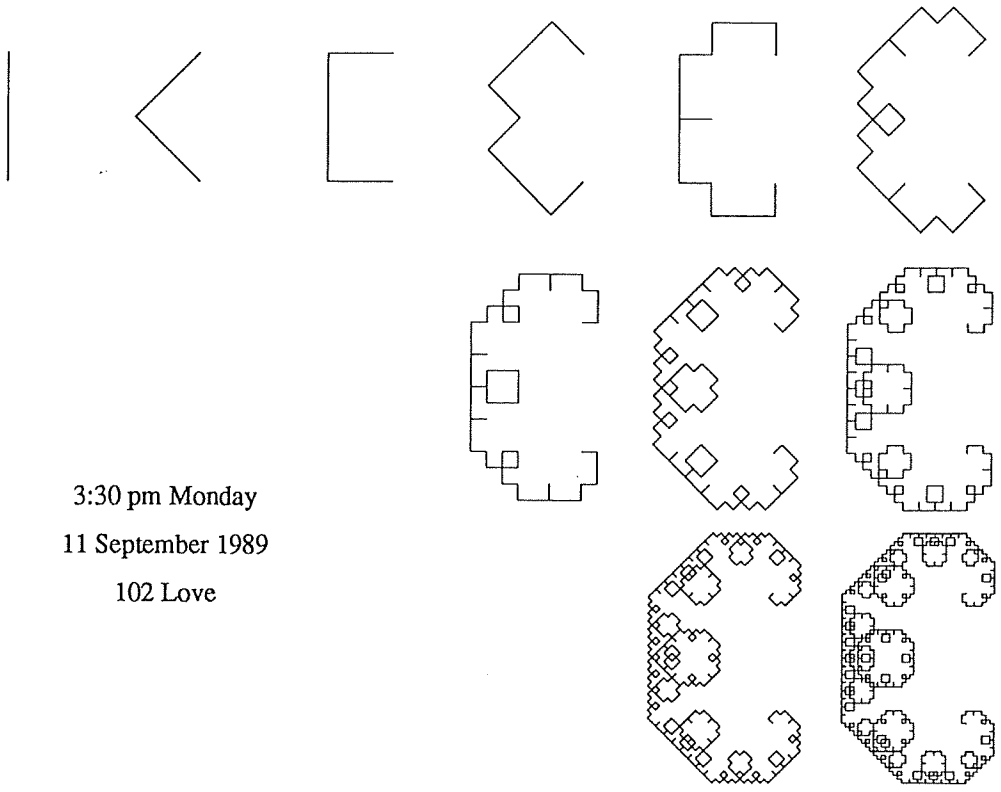
The Analysis Seminar

presents

Organizational Meeting: NOTE New Day



3:30 pm Monday

11 September 1989

102 Love

The Analysis Seminar

presents

Professor D. M. Oberlin speaking on

"A Linearization of a Maximal Operator"

3:30 pm Wednesday

20 September 1989

102 Love

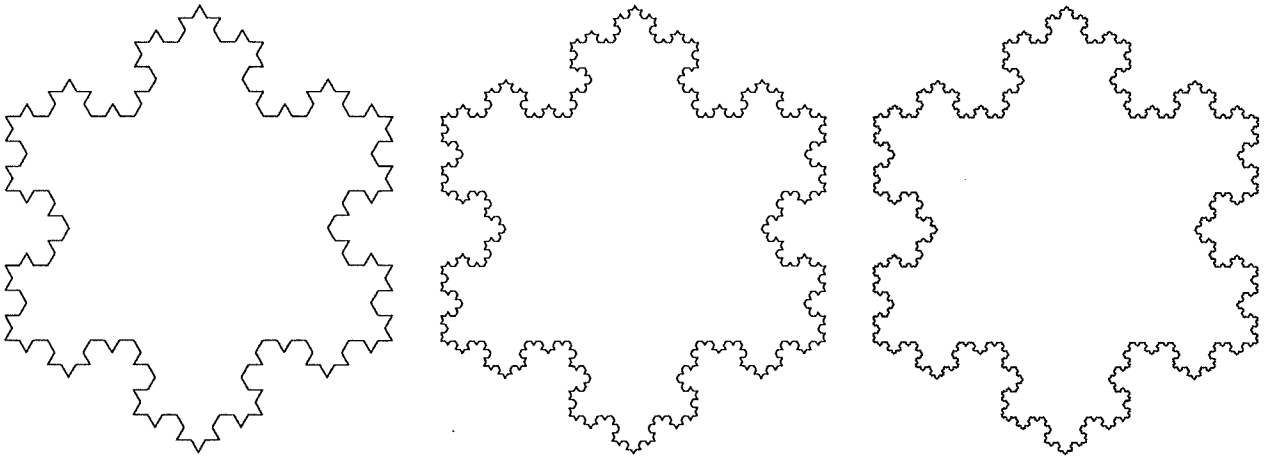
analysis

The Analysis Seminar

presents

Professor J. Bak speaking on

"A restriction theorem for flat curves"



3:30 pm Wednesday

27 September 1989

102 Love

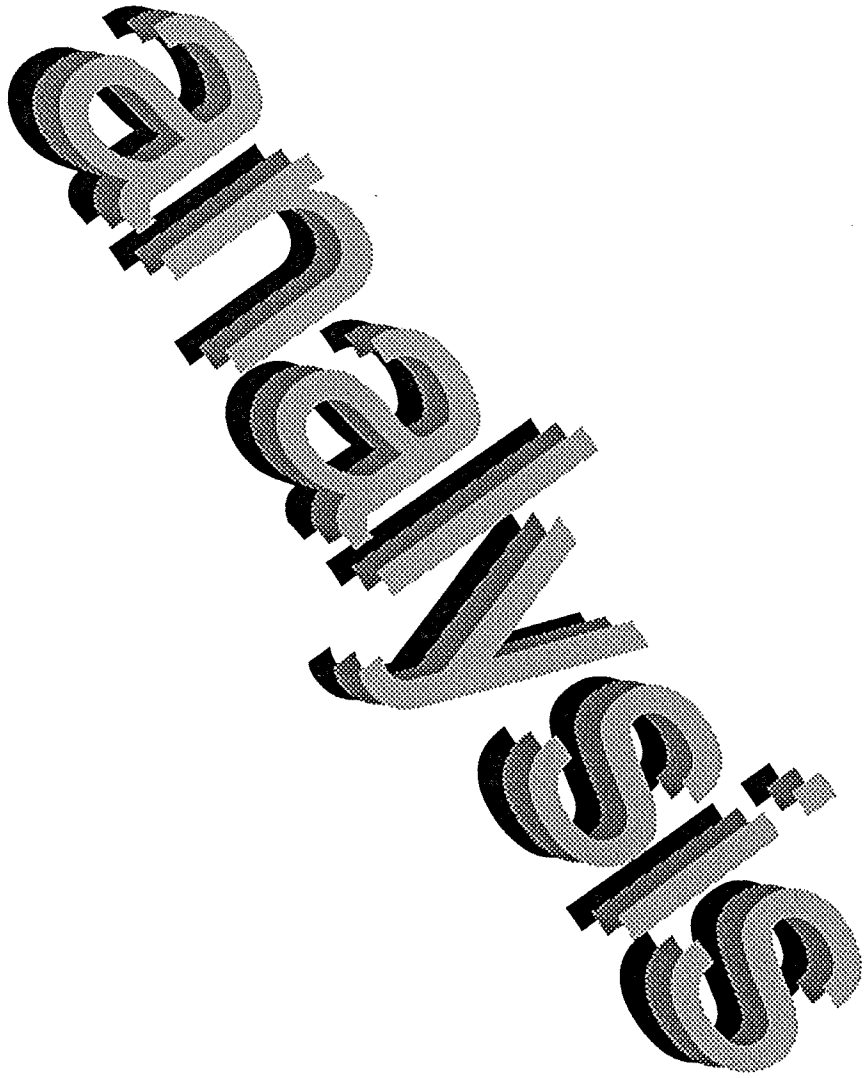
Blaine Pelosi

The Analysis Seminar

presents

Professor J. Bak will continue speaking on

"A restriction theorem for flat curves"



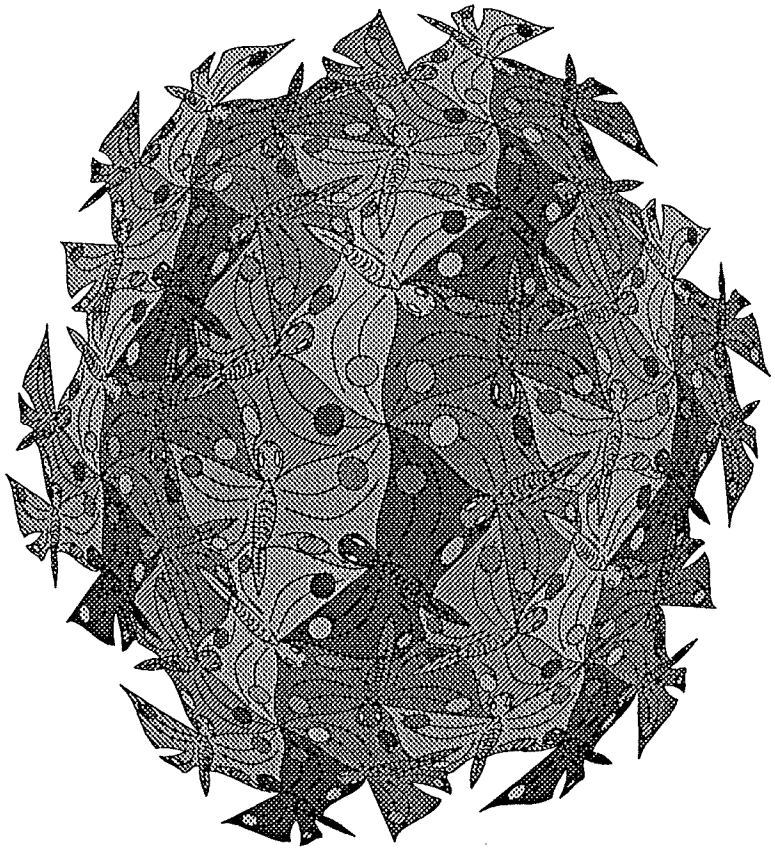
3:30 pm Monday
2 October 1989
102 Love

The Analysis Seminar

presents

Professor C. Nolder speaking on

"Quasiconformal H^p-theory"



3:30 pm Monday

9 October 1989

102 Love

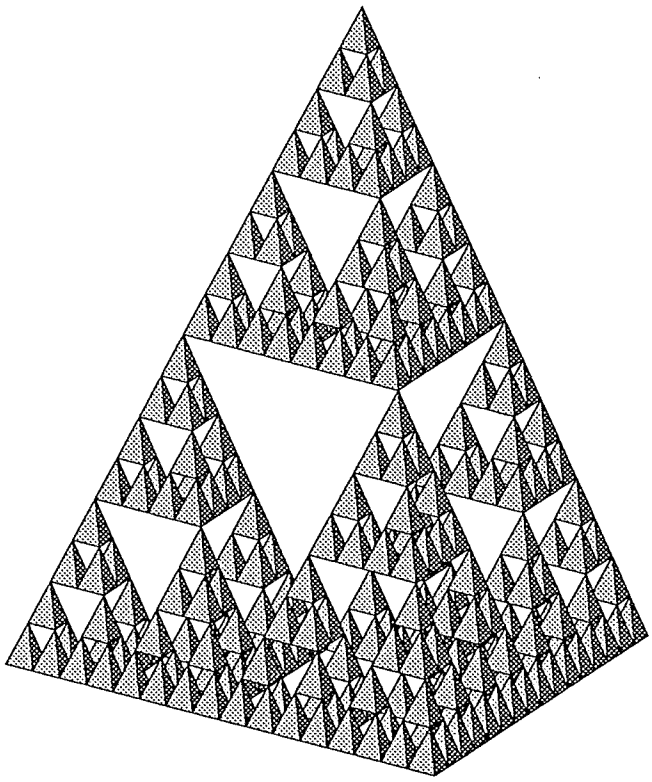
The Analysis Seminar

presents

Professor D. McMichael speaking on

"The Kakeya Needle Problem

and an Application to Harmonic Analysis"



3:30 pm Monday

16 October 1989

102 Love

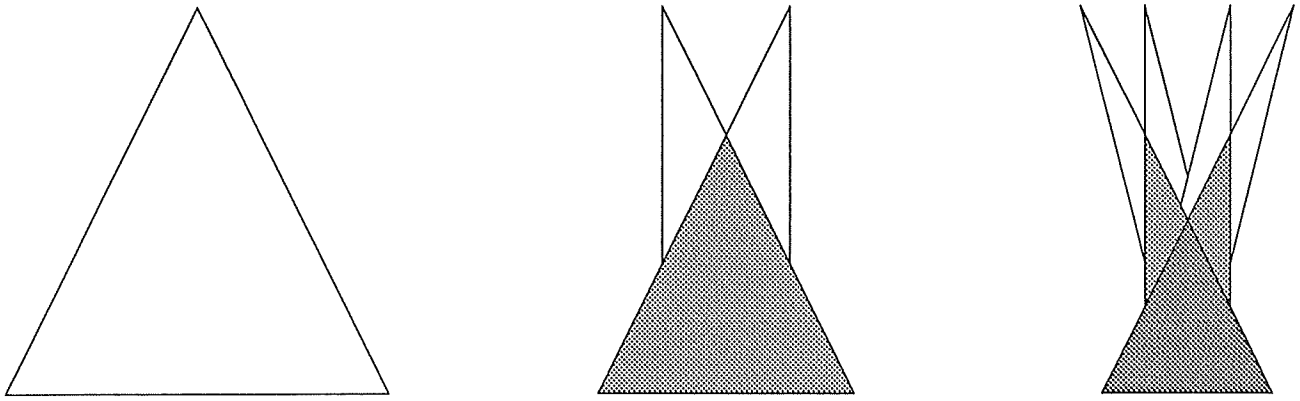
The Analysis Seminar

presents

Professor D. McMichael will continue speaking on

"The Kakeya Needle Problem and an

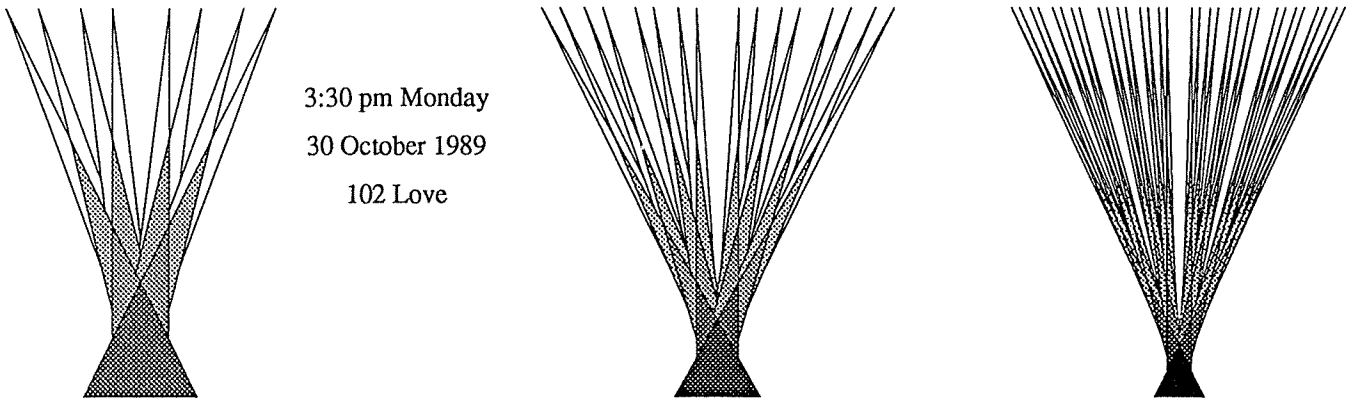
Application to Harmonic Analysis"

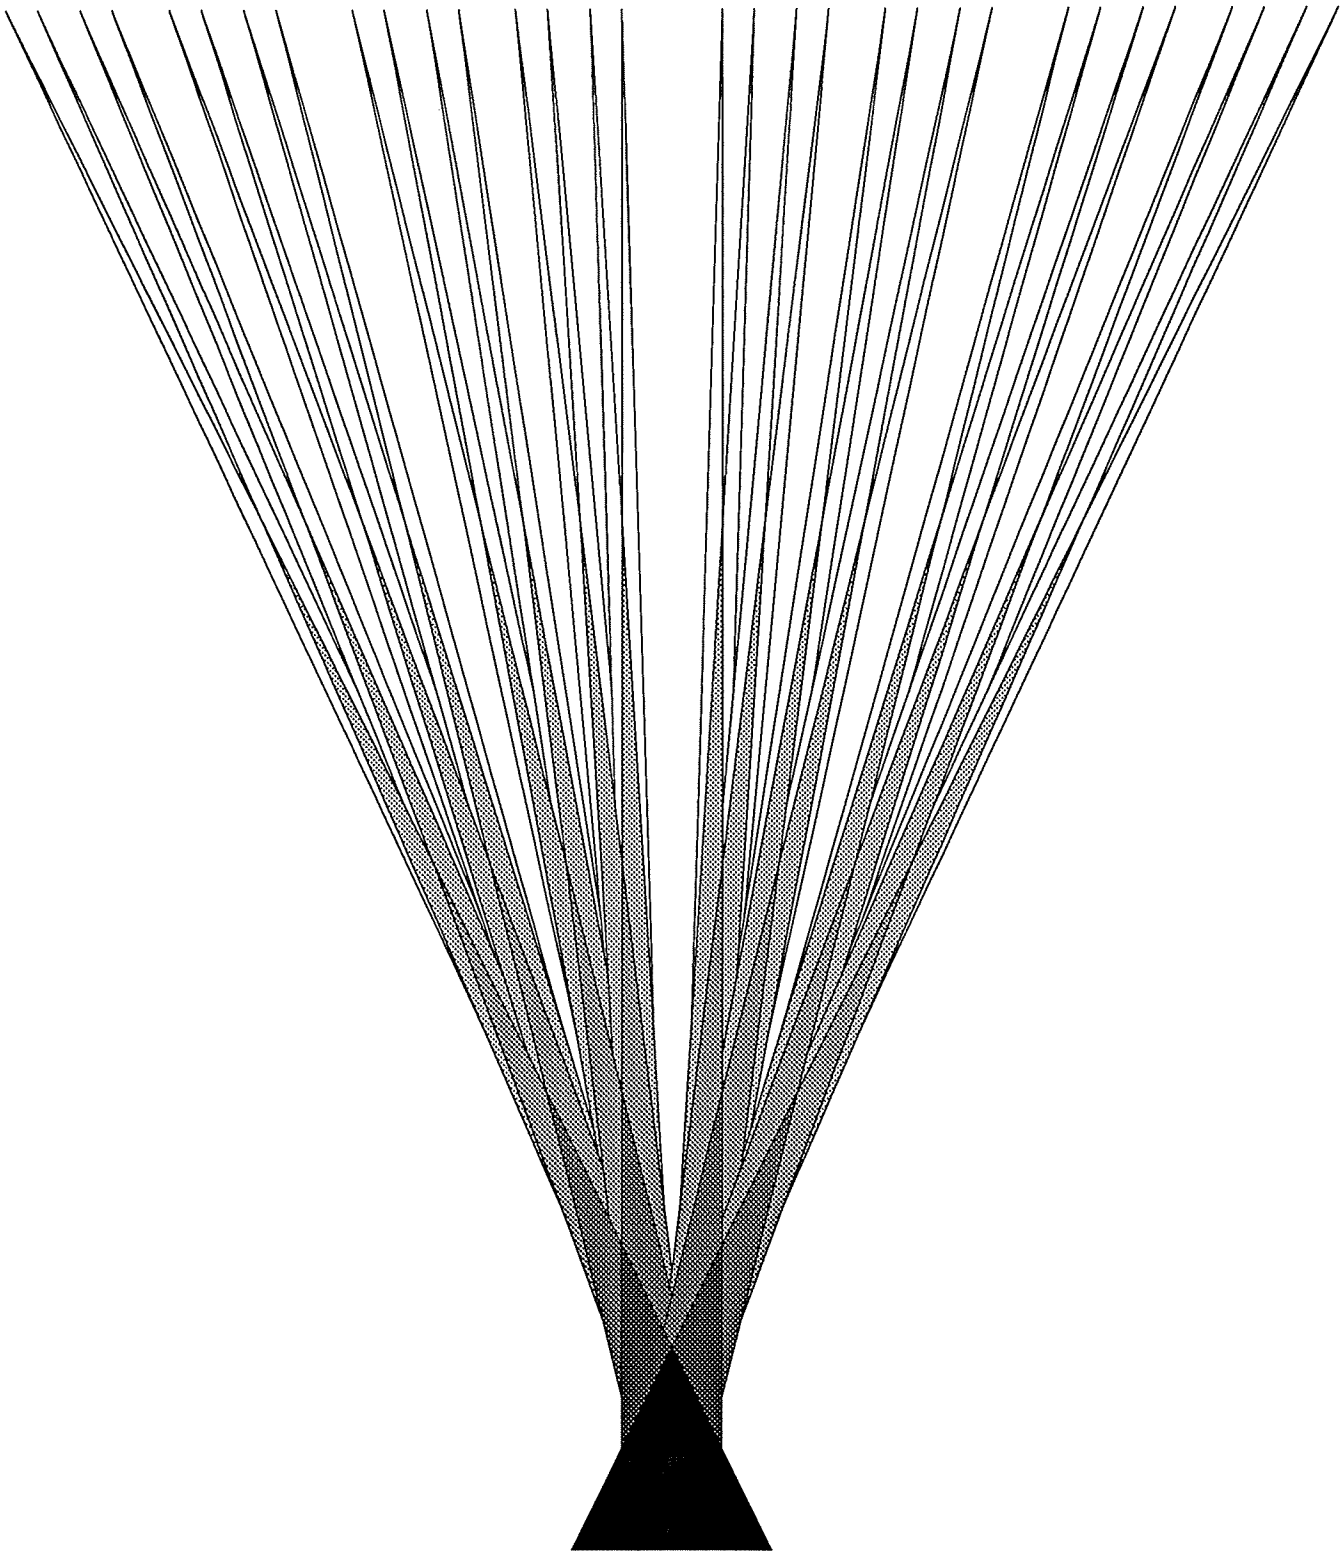


3:30 pm Monday

30 October 1989

102 Love



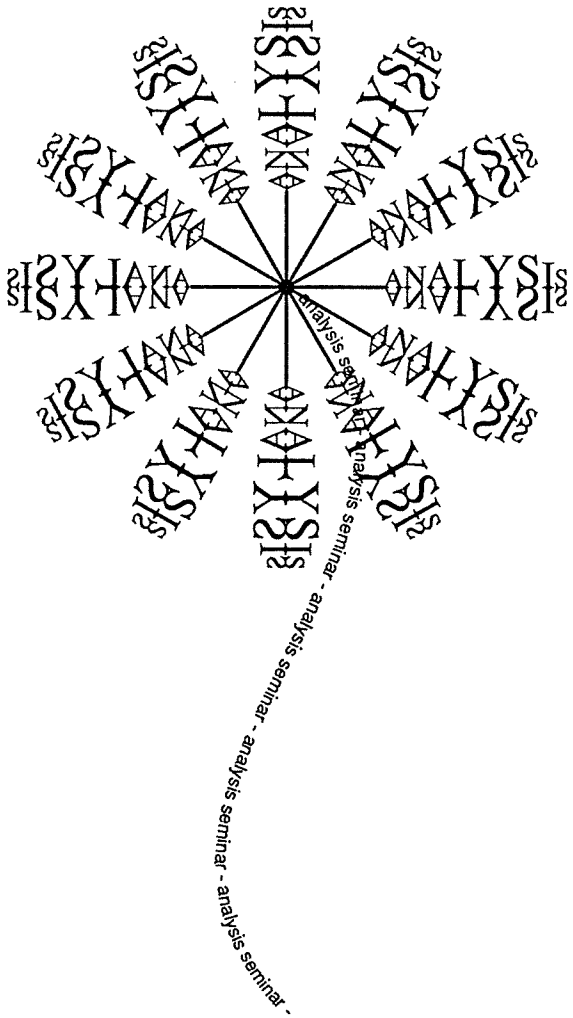


The Analysis Seminar

presents

Professor J. Quine speaking on

"The Selberg trace formula"



3:30 pm Monday

6 November 1989

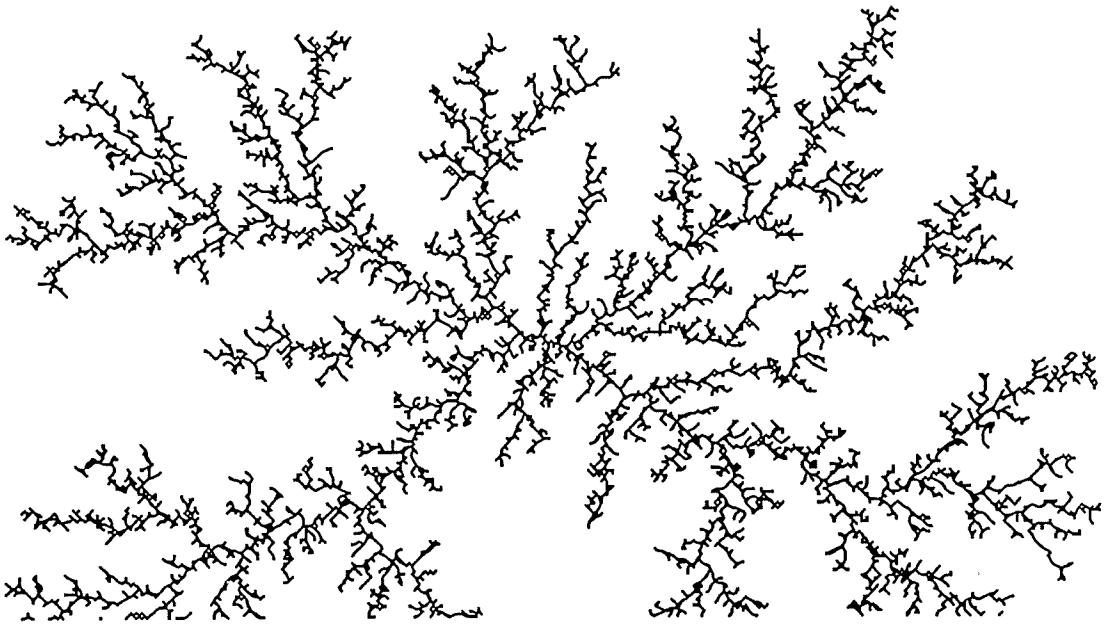
102 Love

The Analysis Seminar

presents

Professor J. Quine will continue speaking on

"The Selberg trace formula"



3:30 pm Monday

13 November 1989

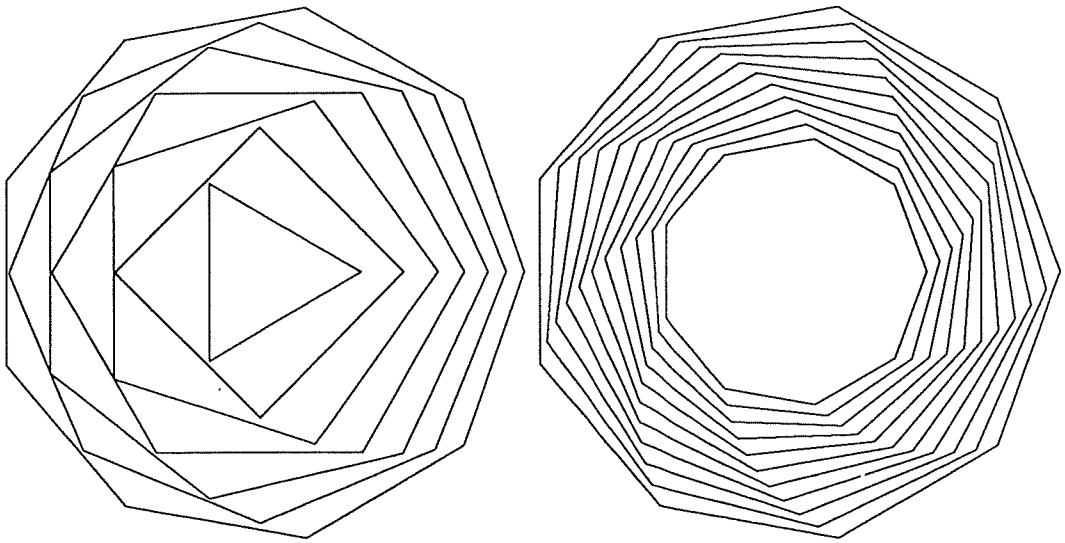
102 Love

The Analysis Seminar

presents

Professor J. Vance of Wright State University speaking on

"Constructions and examples related to the Hilbert transform and maximal functions along plane curves"



3:30 pm Wednesday

6 December 1989

102 Love

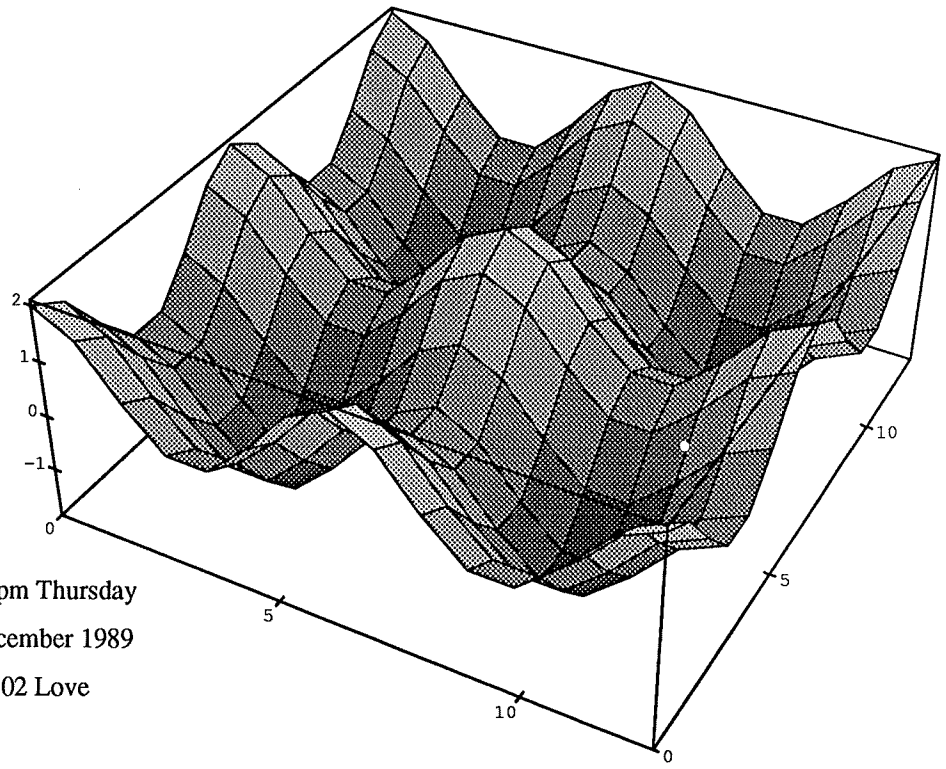
Mathematics Colloquium

presents

Professor J. Vance

of Wright State University speaking on

"Maximal Functions in Analysis"



3:30 pm Thursday

7 December 1989

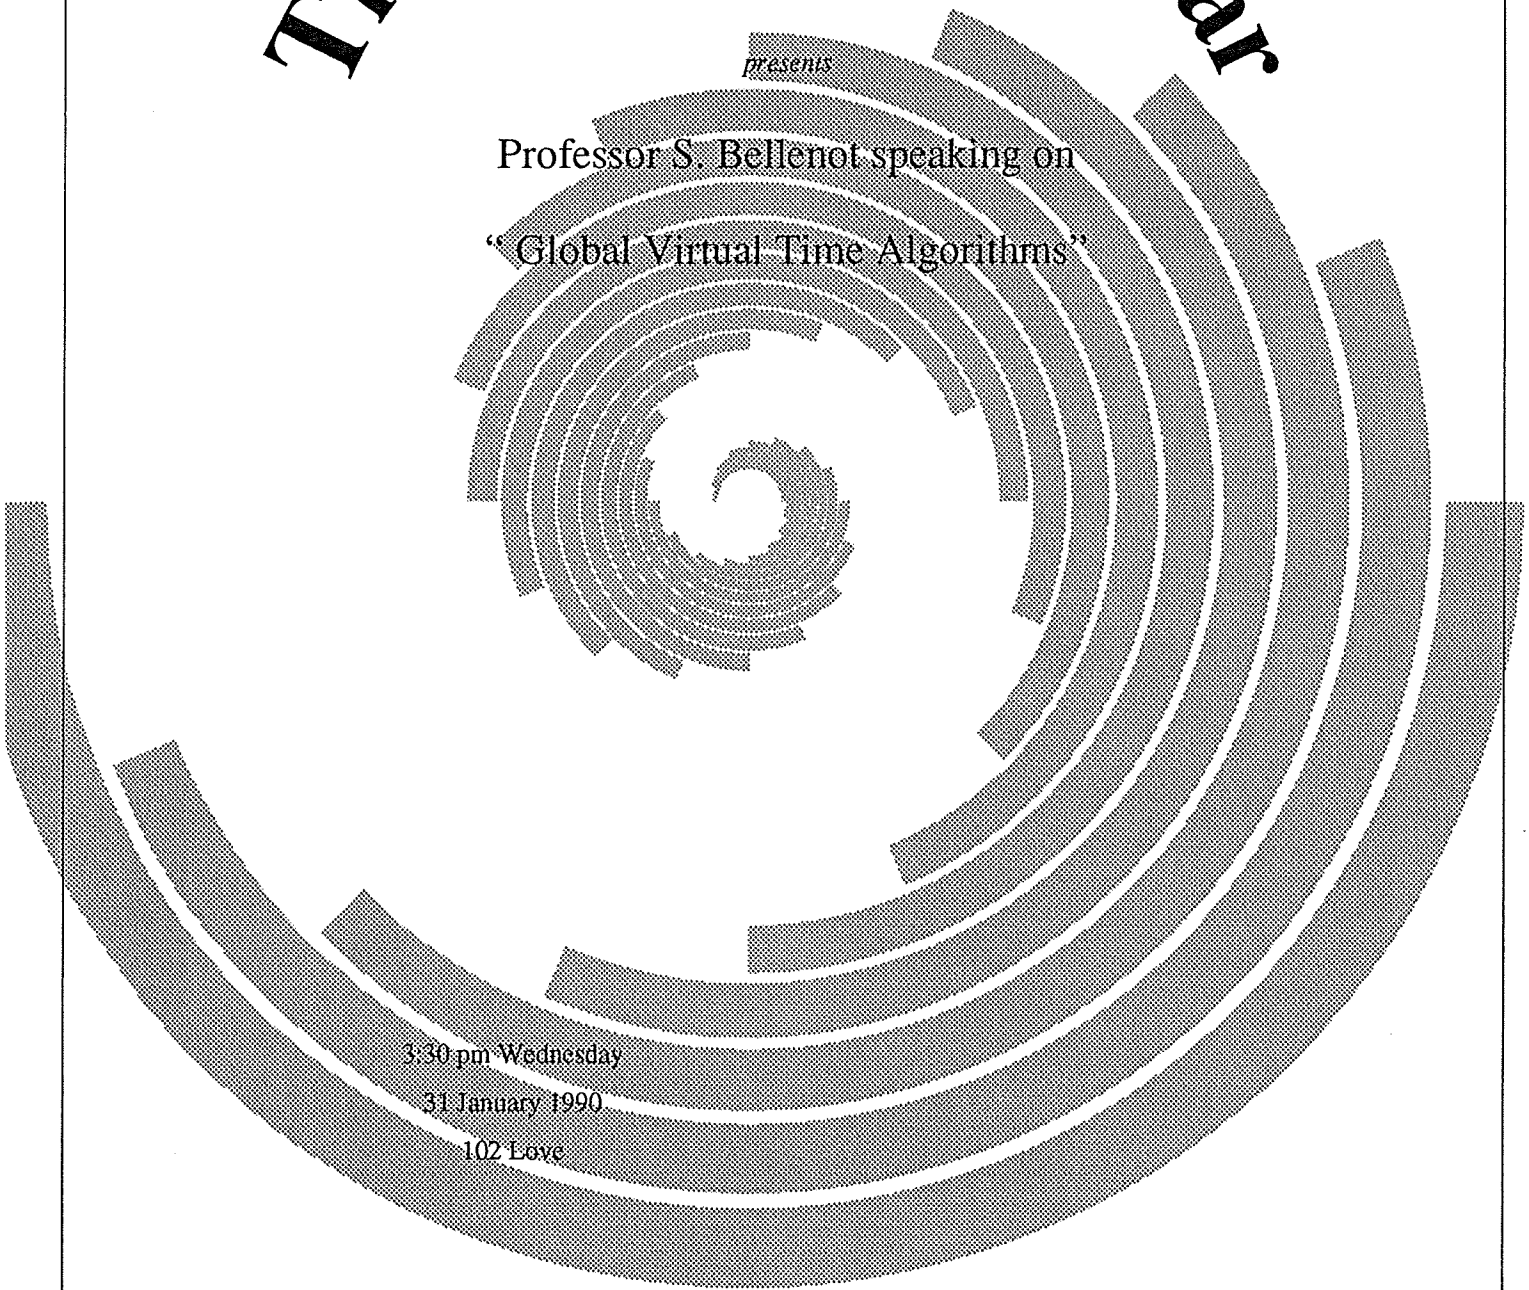
102 Love

The Analysis Seminar

presents

Professor S. Bellenot speaking on

"Global Virtual Time Algorithms"



3:30 pm Wednesday

31 January 1990

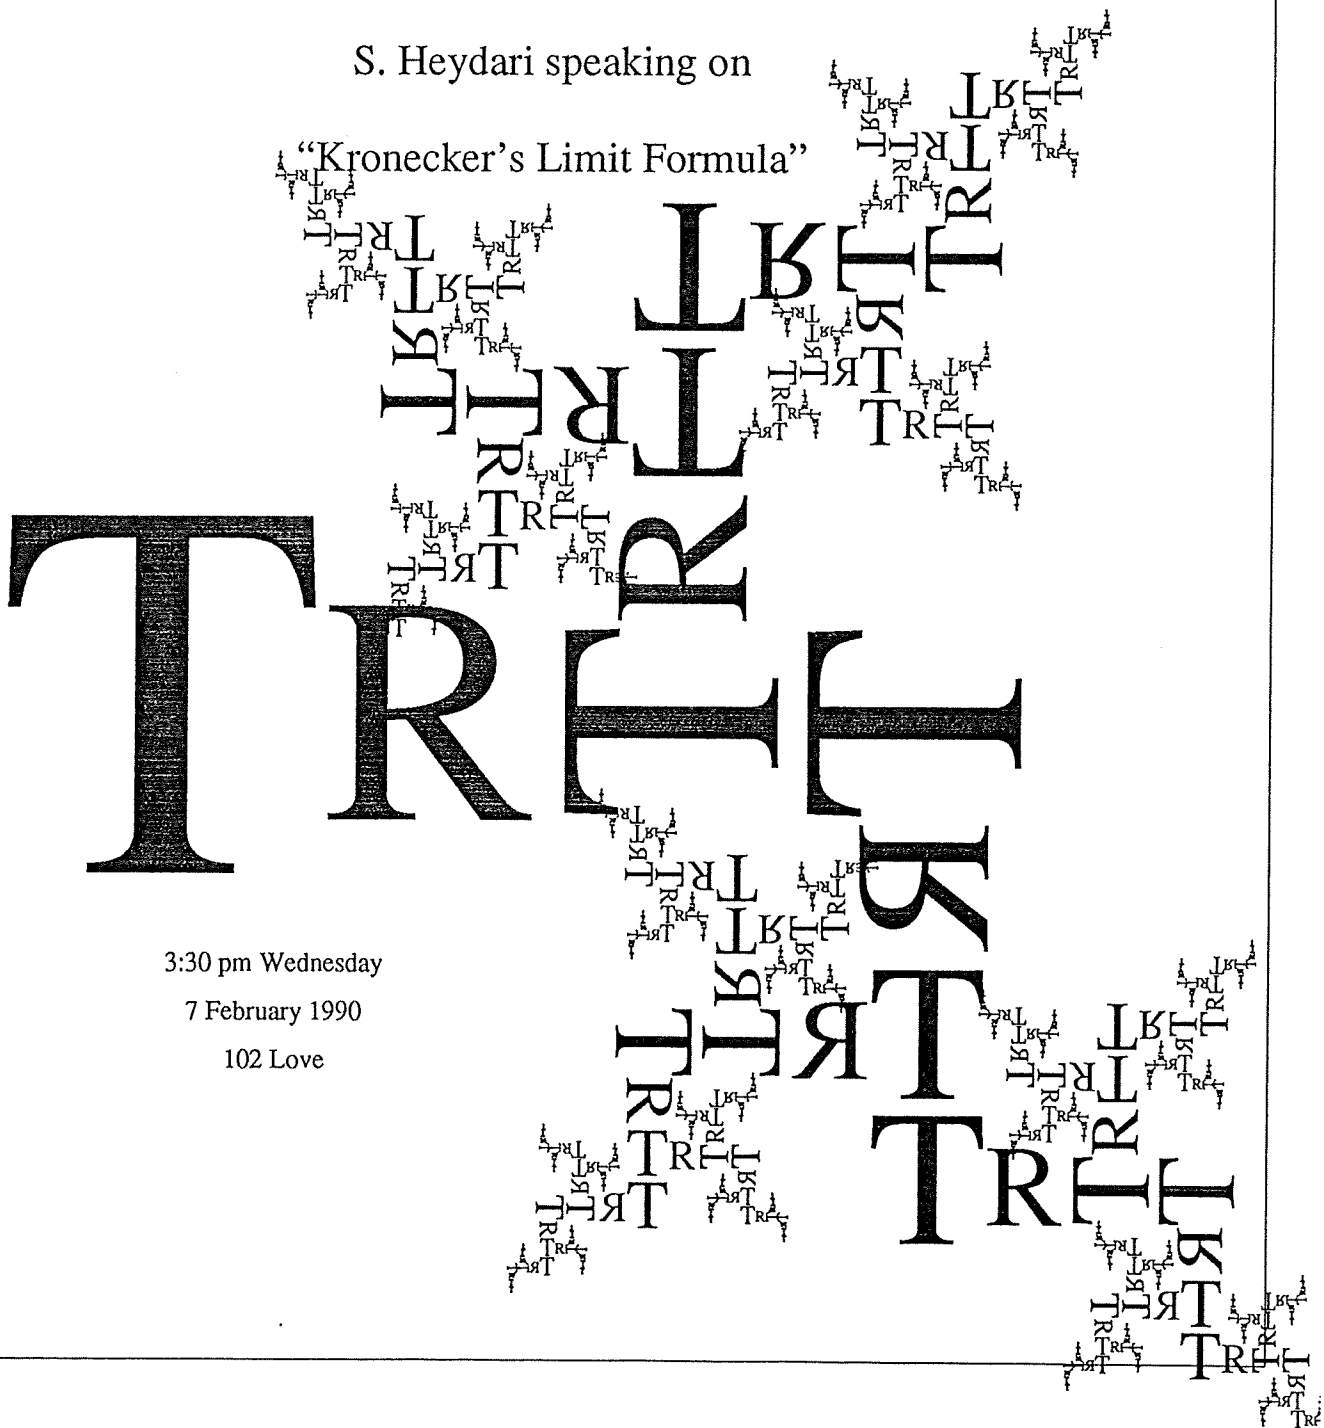
102 Love

The Analysis Seminar

presents

S. Heydari speaking on

"Kronecker's Limit Formula"



3:30 pm Wednesday

7 February 1990

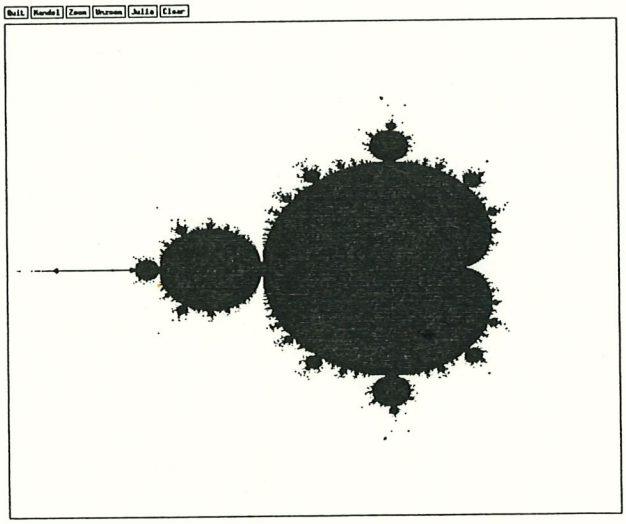
102 Love

The Analysis Seminar

presents

J. Rhee speaking on

"Factoring Weakly Compact Operators"



3:30 pm Wednesday

14 February 1990

102 Love

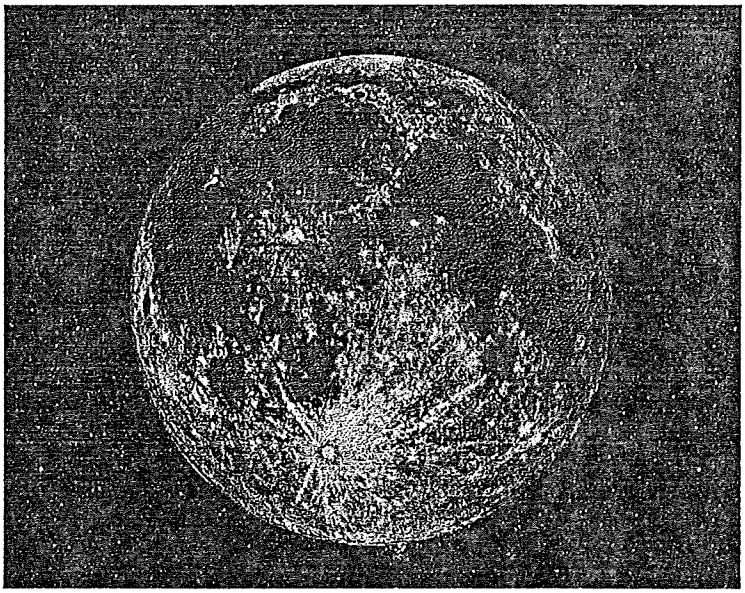
The Analysis Seminar

presents

R. Song speaking on

" Determinants of Laplacians: Relationships between the"

continuous case and the asymptotic discrete case"



3:30 pm Wednesday

7 March 1990

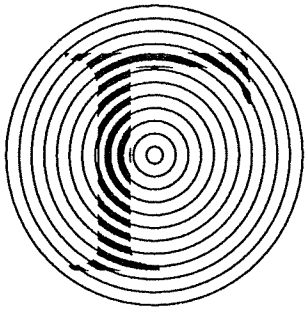
102 Love

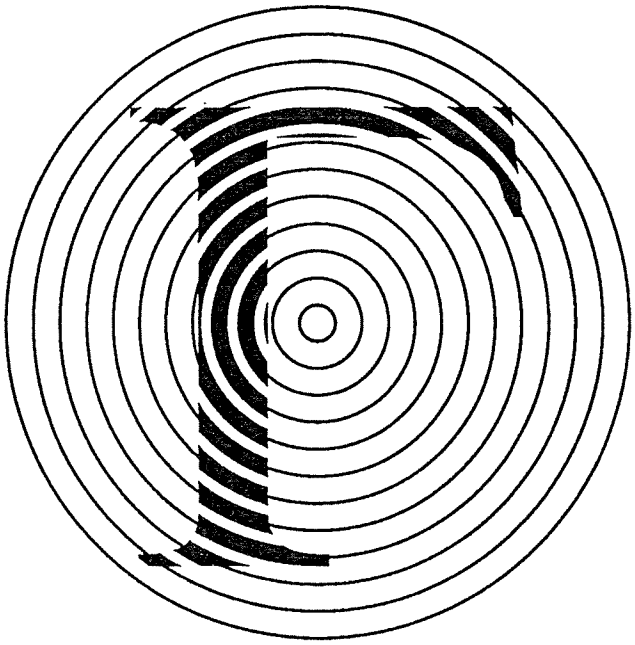
The Analysis Seminar

presents

J. Choi speaking on

"Gamma functions and the Euler constant"





3:30 pm Wednesday

14 March 1990

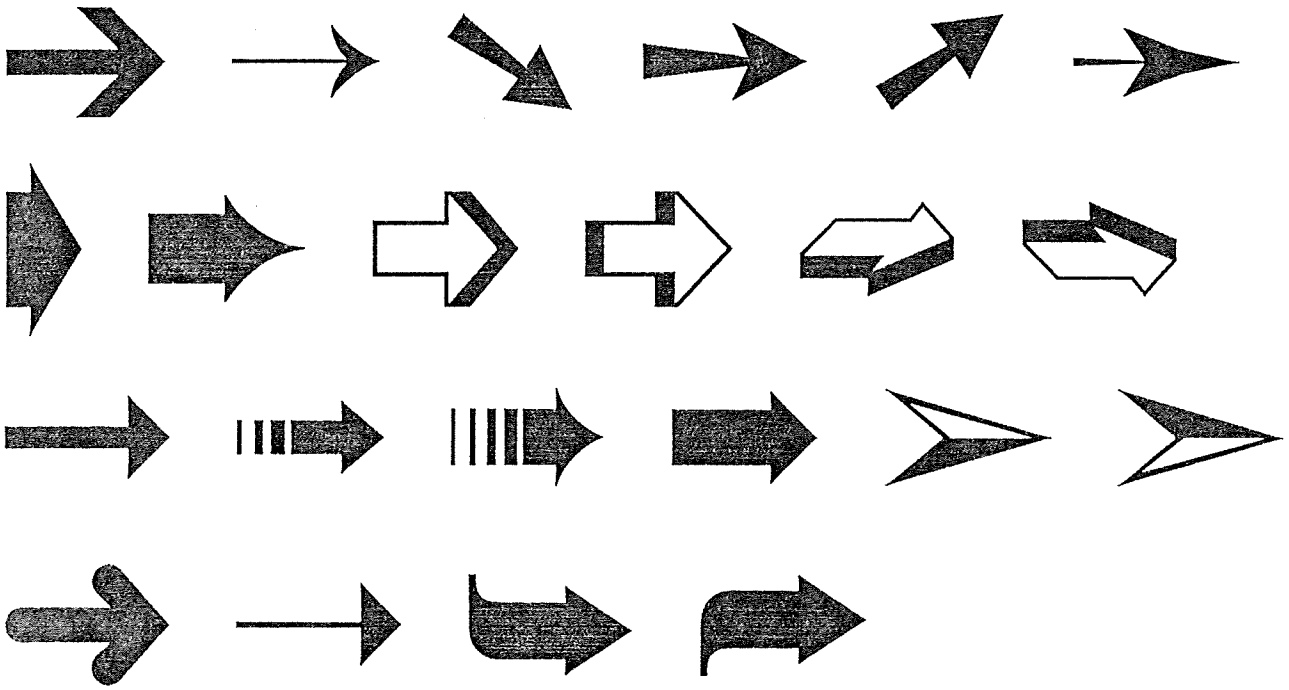
102 Love

The Analysis Seminar

presents

L. Zhang speaking on

"The Kinkelin Constant"



3:30 pm Wednesday

28 March 1990

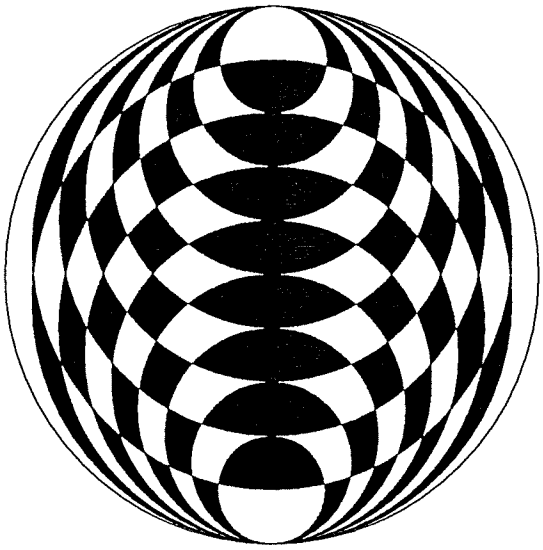
102 Love

The Analysis Seminar

presents

Professor J. Bak speaking on

"Fourier transforms of surface area measures"



3:30 pm Wednesday

4 April 1990

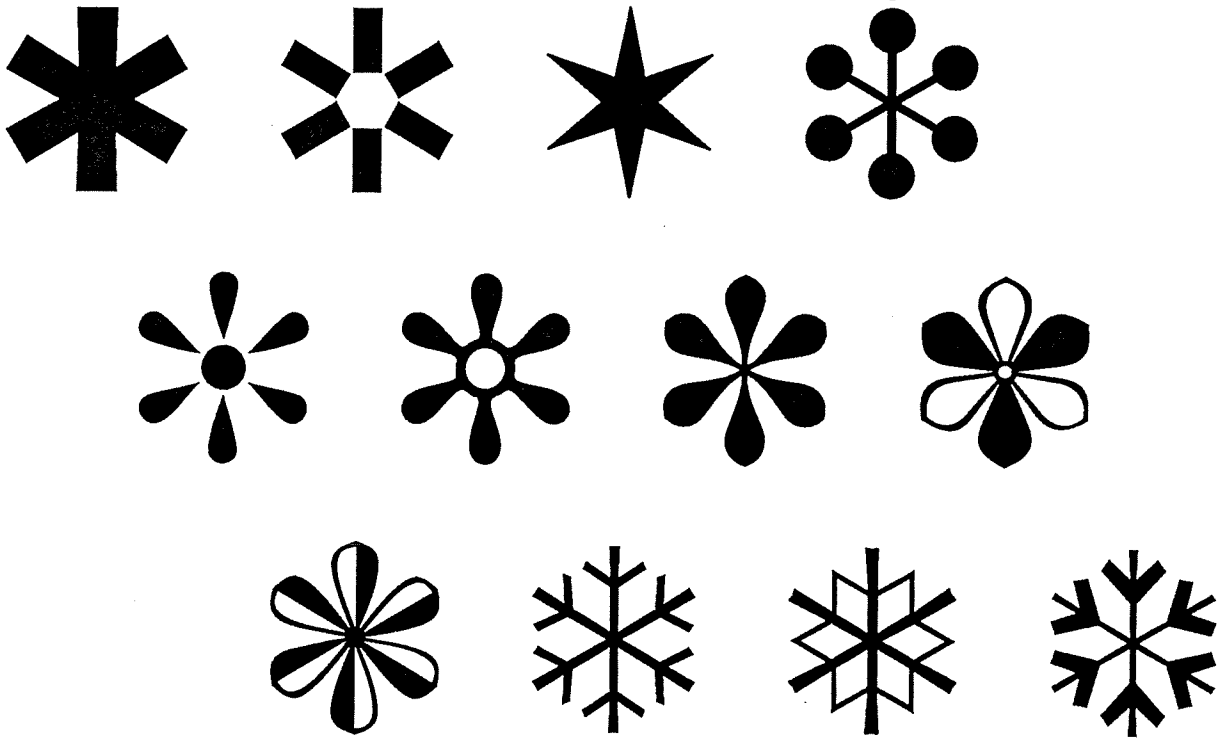
102 Love

The Analysis Seminar

presents

Professor C. Nolder speaking on

"Harmonic measure of variation integrals"



3:30 pm Wednesday

11 April 1990

102 Love
